A ko govori ljepše od onoga koji poziva Allahu,
koji dobra djela čini i koji govori: "Ja sam doista musliman!"
(Fusilet; 33)

And who is better in speech than one who invites to Allah and
does righteousness and says, "Indeed, I am of the Muslims."
(Fussilat; 33)

Zenica je urbano središte u Centralnoj Bosni, u kojem živi oko 150.000 stanovnika, smješteno u dolini rijeke Bosne koja u iznimno lijepom meandru teče kroz samo središte grada. Mada je često poistovjećuju s teškom industrijom, Zenica je i grad mladosti, kulturni i sportski centar u kojem buja život. Stoljetno nasljeđe neusiljenog prožimanja različitih kultura, običaja i vjera, Zenicu čini paradigmom međukulturnog dijaloga i suživota. Historija visokog školstva u Zenici počinje prije ravno 40 godina kada je osnovana Visoka tehnička škola metalurške struke. U toku 1959. i 1960. godine intenzivno se radilo na osnivanju fakulteta, a odlukom Narodnog odbora Sreza Zenica i potvrdom ove odluke od strane Izvršnog vijeća NRBiH 1961. godine Visoka tehnička škola prerasta u Metalurški fakultet u Zenici u sklopu Univerziteta u Sarajevu. Sljedeći korak u razvoju naučne misli i razvoju visokog školstva u Zenici je predstavljalo osnivanje Metalurškog instituta "Hasan Brkić" (sada "Kemal Kapetanović") 1. oktobra 1961. godine. Univerzitet u Zenici je formiran 18. oktobra 2000. godine Odlukom Skupštine Zeničko-dobojskog kantona.

The history of higher education in Zenica started some 40 years ago when the Technical School was founded. In 1959 and 1960 there were some intensive activities undertaken on setting up a Faculty. Thus, pursuant to the Decision of the People's Board in the Zenica County and following the Decision from 1961 which was passed by the Executive Council of the Republic of Bosnia and Herzegovina, the Technical School was transformed into the Faculty of Metallurgy. The Faculty worked within the Sarajevo University. The next step in development of higher education in Zenica was the founding of Metallurgical Institute "Hasan Brkić" (i.e. "Kemal Kapetanovic") on October 1, 1961. The University of Zenica was founded on October 18, 2000 pursuant to the Decision of the Zenica-Doboj Canton Assembly.

razlog osnivanja

S obzirom na tesko stanje u kojem se društvo nalazi (niske moralne vrijednosti,nasilje u porodici,maloljetnicka delikvencija,droga,alkohol,loš edukativni sistem..) javila se potreba o formiranju udruženja, koje bi svojim radom i aktivnostima, pokušalo poboljšati to trenutno loše stanje. Na osnovu tih cinjenica grupa mladih ljudi,studenata i svršioaca srednjih škola, osnovalo je udruženje pod nazivom ; Udruženje za promociju interesa studenata "FOKUS"

Udruženje je osnovano 2009 godine,sa sjedištem u ul. Maršala Tita 48, u Zenici. Clanovi udruženja su pokrenuli niz aktivnosti opcekorisnih za društvo, ponajviše u segmentu dawe. Finansiranje je isključivo putem članarina, pisanjem različitih projekata i omladinskih grantova, različitih donacija..Raznim kursevima,seminarima, predavanjima, druženjima , udruženje je steklo poštovanje zajednice, i postalo opce poznato po svom korisnom radu i raznim doprinosima.

Founding reasons

Ever since our society got immersed into number of bad vices and habits (low moral values, violence in families, juvenile delinquency, drugs, alcohol, poor education system etc.) there has been a need for an organisation which would make an effort in making things better through various projects and individual work. Guided by that idea, a group of young people, mostly students and high school graduates found the Organization for Promoting Student's Interests "Fokus".

The organization has been found in 2009 in Zenica. "Fokus" is situated in the street of Maršala Tita 48 also in Zenica. Members had initiated a large number of activities beneficial for the society being the most prominent in the dawa segment. Financing of the organization is exclusively done through memberships, project writing, donations and various grants. Local community recognized the beneficial influence on the society with a number of courses, seminars, lectures.

fokus prije

U vrijeme kada je osnovano, u udruženju se raspolo-
galo sa par stolica, par starih
odveć iskorištenih klupa,
jednim računarom.. Stvari
koje nisu bile dovoljne da se
ostvari ono što su članovi
zacrtali kao osnovnu ideju,
pomoći društvo.

“Fokus” premises before:

At the time of founding the
organization, it only had a
few chairs, couple of old
desks, and one computer,
which was certainly not
enough to satisfy the hunger
of the members to help the
society in need.

fokus poslije

Nakon 2,3 godine afirmacije i zalaganja članova, prostorije udruženja su zasjale punim sjajem. Raznim projektima, mukotrpnim zalaganjima, odricanjima kao rezultat stigle su nove stolice, računari, kopir aparat... U suštini to su samo neki od pokazatelja ozbiljnosti i privrženosti radu.

After:

Two or three years of the affirmation and hard work of members, the premises are now better than ever. Doing various projects with many months of hard brought new chairs, new computers, photo-copy machine. These results show that the organization is led by serious and hardworking people.

Ostvarile su mnogo dobru saradnju sa ostalim ženskim udruženjima, kako iz Zenice tako i šire. Broji oko 20 aktivnih i 40 neaktivnih članova. Svakako, cilj u budućnosti je da se taj broj svakodnevno povećava.

Female Activities:

Within the organization there is a vital part which our female members represent. Courses, Seminars, Field trips, Tuition classes, Lectures, Forums are some of the activities of a female branch. Female part is active since 2011. During the year they brought new and constructive ideas into the organization also strengthening collaborations with other female organizations from Zenica and Bosnia and Herzegovina. It numbers around 60 members. The goal is to keep that number on the rise.

Ciljevi u budućnosti :

Kako smo već napomenuli udruženje je osnovano zbog prijeke potrebe.. Dosadašnji rezultati su veoma primjetni, al ne stajemo na tome..Ciljane grupe su studenti,budući kadrovi..Što je najbitnije,inshaAllah svi ti kadrovi će biti osvješteni, opasani znanjem, bontonom,sunnetom Poslanika s.a.w.s . Upravo ono što i jeste cilj udruženja. Osvjestiti omladinu vratiti ih Allahu i mjenjati stanje.. zbog toga uz Allahovu pomoć nijetimo otvaranje još nekolicine udruženja širom Bosne i Hercegovine, posebice na mjestima gdje se ogleda prijeka potreba za širenjem dawe...Omladina je ta koja je bila uz Poslanika s.a.w.s ,ta koja je promjenila svijet,pa krajnje je vrijeme da muslimanska omladina ponovo stane na noge! I pored svih zavjera i planova koji se kuju protiv Islama i muslimana, tajno i javno, mi smo čvrsto ubjeđeni da budućnost pripada Islamu i da će njegovo svjetlo obasjati cijeli svijet.

Future Goals:

As we already mentioned the organization has been found because of the great need. The results made this far are evident but we can't stop there. Target groups are students, future employees. What is the most important inshaAllah all those employees will be aware, with the knowledge, and the sunnah of the Muhammed p.b.u.h. which brings us to the aim of the organization, make the young people aware, bring them back to Allah s.w.t. and change the status. Because of that we have the intention of opening several more organizations throughout the Bosnia and Herzegovina, especially in the areas which have the need for dawa. Youth was with the prophet p.b.u.h., and they were the one who changed the world so it is the high time that muslim youth stands on their feet. We firmly believe that the future belongs to Islam and that its light will encompass the world even though there are many conspiracies and plans made against muslims all over the world.

Oni koji imanja svoja troše na Allahovom putu liče na onoga
koji posije zrno iz kojeg nikne sedam klasova i u svakom klasu po stotinu zrna.
– A Allah će onome kome hoće dati i više;
Allah je neizmjereno dobar i sve zna. (El Bekara 261)

The parable of those who spend their property in the way of Allah
is as the parable of a grain growing seven ears (with) a hundred grains
in every ear; and Allah multiplies for whom He pleases;
and Allah is Ample-giving, Knowing (Al-Baqarah 261)
